Major Robert T. Barton of Winchester, State Commander of the American Legion, will also address the meeting, which should be of great interest to all former service men who are interested in relieving the condition of the disabled soldiers. The public is cordially invited to attend.

Others invited to speak at this meeting include Representative R. Walton Moore, H. H. Raeger, secretary of the National Legislative Committee of the American Legion; J. J. Pay Your Dog Taxes

Richmond, Va., April 15.—An announcement was today made at the office of the Department of Game and Inland Fisheries here that all game wardens had been instructed to proceed, as of May 1, to obtain warrants for all parties who have not, as of that date, paid taxes on dogs over four months old, owned by them, under their control or on their premises. It was pointed out that the law makes failure to pay dog taxes by May 1 a misdemeanor, punishable by a fine of not less than \$5.00 nor more than \$100. The tax was payable February 1 without penalty, and a penalty of five per cent is imposed by law on dog taxes paid between February 1 and May 1.

Game wardens will, it is said at the Department, make a house to house canvass for delinquent owners and obtain warrants for all parties who have not paid the tax. There will be no exception to this rule. It was announced, and all parties owning dogs are urged to pay the tax before May 1. The warning is in the nature of a last call, officials of the department said.

The law imposes tax of \$3 on female dogs and \$1 on males and spayed females. There is also provision for kennel license, under which parties may pay a license of \$10, and keep not more than 12 dogs, and \$15 which entitles the owner to keep an unlimited number of dogs.

Pay your dog tax now and avoid prosecution.

Cards Unnecessary

Automobilists From Virginia Given
Free Rein in District

There appearing to be some misunderstanding as to the requirements of the new traffic regulations in Washington, D. C., the Automobile Bureau of the Alexandria Chamber of Commerce, on April 13th, addressed the following letter to the Traffic Bureau of the Police Department of that city:

"Please advise me as to whether residents of Alexandria and vicinity, who have Virginia State licenses on cars, will be required to get registration cards from your Department in order to enter the District."

To which we have just received the following reply:

"Your letter of the thirteenth instant at hand and in reply will state that residents of Virginia do not have to register with the Traffic Bureau if they use their cars to come into the District and leave the same day. If they should remain in the city over three days, the law requires them to register at the Traffic Bureau, Metropolitan Police Department, Room No. 511—A District Building. I am enclosing you a copy of the Traffic Regulations now in force in this city."

Albert J. Hendley,
Captain, Traffic Department.

SEES NEW HOPE OF STAYING STRIKE

Mine Owners Invite Workers' Leaders To Reopen Negotiations

CONFERENCE HELD

Deputation From Commons Shows Obvious Relief After Conference—Labor Backing Alliance.

London, April 15.—Determined efforts are being made to reopen the negotiations between the miners and mine owners for a settlement of the coal strike. A deputation from the House of Commons visited Premier Lloyd George about midnight after Frank Hodges, secretary of the miners' union, had addressed members of the House and explained the miners' point.

The deputation left the Premier's residence about an hour later. They declined to talk, but many of them are reported to have displayed "an obvious air of relief."

The mine owners have also decided to invite the miners' leaders to continue the discussion. Evan Williams, president of the mining association, announced at a late hour that the mine owners would extend another invitation to the representatives of the miners to deliberate both nationally and in the various districts with the object of ascertaining what was feasible to improve the lot of the lower paid miners. The owners then again visited Downing street in response to a summons from the Prime Minister.

New hopes of a resumption of the negotiations, therefore, have arisen through this offer of the mine owners to meet the miners' leaders around a new conference table. And also the offer made by Mr. Hodges in his speech to a meeting of the members of Parliament. In this the secretary of the miners' union said among other things:

"We are prepared to consider a question of wages, provided that it is not regarded as permanently on a district basis but only of a temporary character."

The large committee room of the House was filled with Unionists, Conditionalists and Laborites.

The whole labor movement is cheering itself solidly with the miners against the Government. The workers seem to believe that the hour has struck for a final struggle against what they rightly or wrongly respect to be an organized plan on the part of the employers to force down wages.

After the failure of the morning conference some hope remained that mediation might be the outcome of the Parliamentary conference, made up of the parliamentary committee of the Trade Union Congress, the National Executive of the Labor Party and the Parliamentary Labor Party. This important conference, however, after proposing itself uncomprehendingly on the side of the miners and the Triple Alliance and against the Government, gave no sign of initiating new negotiations or mediation.

The resolution adopted by this body is not a definite pledge to strike action, this being a matter for individual unions but the appointment of a committee to act with the Triple Alliance is considered a more important move than has happened in any previous industrial crisis.

The decision of the Federation of General Workers to support the Triple Alliance is also highly important. The resolution adopted by this organization does not mean that the unions concerned, representing 1,500,000 workers, will strike, but means that it is their intention to consult with the Triple Alliance in all steps and give it general support. The Federation's resolution pledged support to the Triple Alliance "in its effort to resist wholesale reductions in wages and to maintain national standards of wages and conditions of labor."

The Proposed Veterans Bureau.

All bureaus of the government dealing in the health and happiness of the lads who were disabled in France are to be consolidated into one Veterans Bureau and the buck-passing that has been going merrily on back and forth between the United States Public Health Service, the Bureau of War Risk Insurance and the Rehabilitation Division of the Federal Board for Vocational Education is at least hereafter to be confined to one set of officials in one government agency.

In so far as the work and report of the Dawes committee, appointed by the President to look into the matter contributed to furthering this extremely desirable consolidation of ex-sol-

dier agencies, it would seem to have amply justified its existence. The recommendations of the committee, which have been accepted by the President and will doubtless be accepted and approved by Congress, were based upon a remarkably terse and able statement of the present unhappy situation of divided responsibility and lack of co-ordination in the service the government is rendering the disabled soldiers.

The appointment of the committee, however, and all of its action, was merely a political flourish, a play to the galleries. "You got a raw deal under the old Administration but behold we make all things new," the party in power says to the ex-service men of the country, apparently blissfully oblivious to the fact that the fault now and all along has been the bad makeshift laws dealing with the disabled man passed by Congress. In complete control of Congress for over two years they did nothing. The very thing the Dawes Committee recommends, the consolidation of these bureaus, was ably championed in the last Congress in a bill introduced by Representative John Jacob Rogers of Massachusetts and supported by the American Legion and all ex-service organizations. But in order that the actual accomplishment of consolidation might be reserved to be an accomplish-

ment of the new administration, the party leaders in Congress deliberately postpone the enactment of the Rogers bill until the Sixty-Seventh Congress.

SPORTS

All is in readiness for the big game Sunday between the Dreadnaughts and the Peerless A. C. In practice yesterday the "Ds" showed well and some real class in baseball is expected. The addition of four new players to the team puts the local team in class with major league teams and this is what they need to meet challenges already on the schedule.

Strunkle, Frazier, Dawson, Giles, Ludlow, Hodges, Alexander and Cornell are possible material from which the outfield will be composed; all are playing good ball and the exhibition Sunday promises excitement as well as high class baseball.

Everybody is welcome and if entertainment is what you want come to the game we guarantee to have what you are looking for. Baggett's Field Sunday 3 p. m.

The Destroyer A. C. will play the Park View A. C., Saturday at 3 p. m., on the monument lot. This is sure to be a hotly contested game, as the Park Views are one of the fastest junior teams in Washington, and the local boys will have to hustle if they wish to win. The Destroyers have been having some hard workouts lately, and are prepared to play in midseason form. The following players are requested to be on the High School grounds this evening at 5 o'clock for the final practice. Cornell, Snellings, A. Jones, Upton, Lash, Whitestone, Stover, Chime, Hedlin, Dreifus, Otis, Owens, Harrison, Robey, Bayliss and Saffell.

The Alexandria Athletic Association will play the Railroad Administration of Washington on the Shipyard grounds, Saturday, at 3:30 p. m.

Sunday the Triple-A will play the Yankee A. C., one of the fastest teams in Washington. This teams play has attracted such wide attention that every game they play on the monument grounds always draws a crowd of over a thousand fans. The boys are the pride of many fans in Washington on account of their great speed and hard play. When you see the Yankees Sunday you will see a team that play and practice seven days a week and their interest in this way toward their team has made them an aggregation that work like clock works on the field.

Jimmy Quayle will be given the hardest team so far this season to beat when he begins his struggle against them Sunday. His record so far has been 35 strikeouts in two games; this boy is pitching the best ball of his career.

LANDIS CLOSES BREWERY; SAY DRY LAW WAS EVADDED

Chicago, April 15.—Deeds of the Hammond Brewing Company were ordered closed and sealed by Federal Judge Landis yesterday, when it was proven that the brewery was turning out large quantities of beer containing more than the legal alcoholic content. Investigators brought in many samples of the beer, procured at the brewery and from its patrons, and all showed violation of the law.

It was intimated at the hearing yesterday that investigators had secured similar evidence against other breweries and they also would be closed. All had been previously warned against violating the law, but have disregarded the warnings. The chances now favor their being put out of business permanently.

Paint your house with

SWP

THE above picture shows that one gallon of SWP house paint covers 360 square feet of surface, two coats. Ordinary paint covers from 200 to 250 square feet. That is the first saving. SWP, though heavy-bodied, flows easily and evenly, thus cutting down the time required to apply it. That is the second saving.

SWP outlasts two or three paintings with ordinary paint, saving the cost of

materials for repainting and also saving the labor cost which is about 75 per cent of the total expense.

In buying paint it's the area a gallon covers, not the cost per gallon, that determines its economy.

We carry a complete line of SWP. If you plan to paint your house, let us help you.

Get Ready for Hot Weather

By Purifying the Blood

Many people simply melt in summer. They can't work or enjoy life. They lack vitality. Ten to one their blood is impoverished.

Rich, wholesome blood is the basis of vitality. If you have it, you sturdily withstand summer temperatures. But if your blood is poor, loaded with poisons that should be cast out, you are limp and useless in "shirt-sleeve" weather.

To avoid this, get from your druggist S.S.S., the famous vegetable blood tonic and alterative. It is just the thing for poor blooded people.

After starting S.S.S., write us about your condition and we will send you expert medical advice free. Address Chief Medical Advisor, 839 Swift Laboratory, Atlanta, Georgia.

LABOR BATTLE MAY HALT

GREAT LAKES DREDGING
Buffalo, N. Y., April 15.—Dredging work along the Great Lakes will cease tomorrow night unless an agreement is reached in the wage controversy between contractors and employees, it was announced here yesterday.

As a result of the dredging companies' refusal to pay last year's wage scale and the refusal of the men to accept the scale of 1919 which is \$30 less a month than the 1920 scale, the employers notified the men that all work will be closed down Friday night.

The men involved are dredge captains, engineers, tug firemen and dredge workers. They number several hundred men at all ports along the chain of Great Lakes.

\$10,000 Pensions Sought

For Former Presidents
Washington, April 14.—Bills providing pensions for ex-presidents of the United States will be introduced today in the Senate and House. The amount proposed is \$10,000 a year.

Senator Calder, Republican, of New York, will offer the measure in the Senate. Representative Dyer, Republican of Missouri, will present it in the House.

There will be considerable opposition to the measure. Its opponents say that abundant opportunity is offered for retired presidents to save sufficient to keep them in old age. In addition, the plea is made that widows of ex-presidents invariably are given a pension immediately following the death of their husbands.

EXPLOSION IN SCHOOL

Bethlehem, Pa., April 15.—John Macy, a student in Holy Trinity High School, was painfully, if not fatally, injured when he attempted to pry open a percussion cap with a pair of compasses, just as school was about to let out today. He lost several fingers on both hands and was badly cut about the face.

A small panic resulted among the pupils, who rushed from the room, and one boy, John Kush, jumped from a second story window, but escaped serious injury.

CHARLES "JUST A CITIZEN"

Hungarian Cabinet Will Thus Justify
Reissuing His Manifesto

Budapest, April 15.—Gustave Gratz, Minister of Foreign Affairs, is the only member of the Hungarian Cabinet to resign as a result of the visit of former Emperor Charles to Hungary.

When the National Assembly reconvenes in the near future Premier, Paul Teleky will justify the Government's decision to reissue the manifesto written by Charles on the ground that the former Emperor is a Hungarian citizen and not the ruler, and that issuance of the manifesto did not involve recognition of his prerogative.

The Agrarian Party has agreed to postpone the question of electing an occupant of the throne until foreign pressure ceases to be of influence in this country.

Violent irritation is reported in Czechoslovakia, Rumania and Jugoslavia. It is asserted they are tired of maintaining an armed watch, and there are indications they are preparing for joint action that will lay the ghost of the restoration of the Hapsburgs.

BARBADOS SHIP CREW

NOT PERMITTED TO LAND
Mobile, Ala., April 15.—Members of the crew of the bark Dove, Rio

which arrived in port tonight from Barbados are being kept aboard ship by local immigration officials from the fact that the crew list of the vessel was not certified to by the American consul before it sailed. The matter has been laid before the State Department it is announced, and the men will not be allowed to land unless orders are received from Washington.

SHOT DEAD; WIFE HELD

Washington, D. C., April 15.—Abdul Hassin Khan, 26 years old, wealthy Persian antique dealer, was found dead last night with a bullet wound under his left arm in his room at 1314 Rhode Island Avenue northwest. Following an investigation Coroner J. Ramon Nevitt ordered Mrs. Khan held on a charge of investigation.

The dead body of Khan was found by Miss L. M. Chapman lying beside the bed in the room occupied by himself and wife on the third floor. A 32 caliber automatic pistol, with one discharged cartridge, lay beside it.

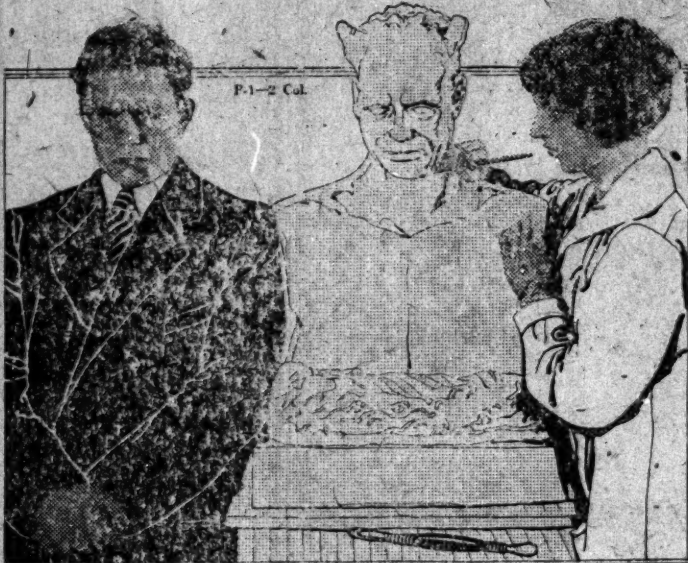

Other roomers in the house did not hear the shot which ended Khan's life. Mrs. Khan spread the alarm about 11 o'clock. She was at the telephone hysterically crying. "Call a doctor! My husband has shot himself!"

Miss Chapman, who conducts a corset shop at the address, was in the basement reading when she heard Mrs. Khan's cries. She summoned Dr. Grant S. Barnhart, 1334 Rhode Island Avenue, who found the dead man almost cold, he told the police.

After a lengthy examination of the body, Coroner Nevitt said: "The bullet wound is of such a character that I have ordered Mrs. Khan held for investigation. I found no powder marks on the body, and the circumstances justify further investigation."

Mrs. Khan, who is 23 years old,

Mellon Has Plan to

Reduce R. R. Rates

Washington, April 15.—A general scheme for reduction of railroad rates acceptable to the railroads, probably will be presented to the Interstate Commerce Commission shortly, Secretary Mellon said today.

Without indicating the source of the plan, the Secretary added that many railroads were coming to the conclusion that a reduction of some commodities would be advisable to stimulate transportation, although continued high rates would be necessary on some articles.

Many foods, while pleasing to taste, contain but little nourishment.

Grape-Nuts

combines with its rich, sweet flavor the full nutriment of wheat and malted barley which makes it an ideal food. It has been the favorite ready-to-eat cereal for a quarter of a century.

Man Smoking, Leaps off Brooklyn Bridge as Camera Click
New York, April 11.—While motion picture cameras clicked on the deck of a tug in the East river yesterday, Daniel Carone, 27, of Mount Vernon, puffing a cigarette, leaped from the center of Brooklyn bridge and was picked up in the water, 133 feet below alive, and unharmed. It was his second jump from the structure, the first being made in 1915. A policeman saw Carone spring from an automobile on the south roadway and climb a steel girder. He shouted and ran toward him, but before he could reach him Carone plunged into space.

Carone said he also had jumped but saw his body strike the water. He soon appeared and began to swim toward the tug. In 50 strokes he had reached the craft and was hauled aboard amid cheers. Carone said he also had jumped off London bridge and High bridge in Glasgow, Scotland.

Squares Love Triangle

By Killing Affinity

Atlanta, Ga., April 15.—Fred Hall, young planter of Russellville, Ala., and defendant in a white slave case in the United States Court here, shot and killed Miss Martha Henderson, of Dallas, Texas, star Government witness in the case, when she appeared in Russellville Tuesday to reiterate her love for him, according to reports to Atlanta officials of the Department of Justice today.

Hall's case was set for hearing here in June. He was under \$1,500 bond, and it was said he was back in his former home operating a grocery store in the attempt to get back on his feet financially and regain his former reputation in his home town. He is married and has three small children.

According to the reports received by the Federal agents, Miss Henderson walked into Hall's store Tuesday after noon and said to him:

"I have found you again."
He is said to have then turned his pistol on her and fired once, the bullet penetrating her heart and producing instant death.AMERICAN RELIEF STATIONS

Some FACTS About

THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921 and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total Production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

Our Standard of Ingredients For You—

WHEN the world was young and man stood on the threshold of existence, Nature had to mother him and stand responsible for the provision of his necessities.

His needs were for shelter, clothing, water and food, and the most important of these was food and its ingredients, provided in proportion necessary for healthful sustenance.

As the world has grown old, man has learned many things and progressed beyond conception—however, he has never improved on nature herself, as a provider of correctly proportioned food.

With Nature's standard as our guide, we have perfected a formula and method (Patents applied for to protect our process) which enables us to offer to you the most correctly proportioned Ice Cream ever made.

We do NOT use gelatin, gums, starch, fillers, imitation flavors or foreign substitutes for cream—

But We DO use pure cream, pure milk, pure cane sugar and genuine flavors in "The Velvet Kind" of our creation.

This standard is your protection and assures you an Ice Cream exceeding in charm even the good old-fashioned kind your Mother made—
